**Gingerbread CREAM LIQUEUR**

Homemade gingerbread cookies have the special ability to make people smile. Each year, we eagerly anticipate the warm and fuzzies we get from the comforting flavours of molasses, fresh ginger, cinnamon and vanilla blending perfectly to create a memorable moment in time. We've taken these festive flavours and blended them with real cream and our famous locally-made spirits to create this special treat that you can add to your coffee to create more of those moments. Pour it over ice and enjoy it as a sweet sipper, or use it as a delicious dunker for cookies. However you choose to enjoy it, may it bring you all the comfort of the holidays.

**NaR Environmental Ltd.**

Owners Nick Boivin and Riley Nooy started NaR Environmental Ltd in 2020 with a goal to provide vegetation management solutions across the peace country. These services began with spraying, mowing, mulching and flare blackening and have now evolved into much more. Our goal going forward is to continue providing quality work for our customers and we thank everyone for the continued support.
